→ **Why is it important for me to register my child now?**

- ◆ Registered students will be scheduled to take a Kindergarten readiness assessment before the start of the 2022-2023 school year. Students who are not registered are not included on those initial class lists.

→ **What kind of assessment will my child take?**

- ◆ Each child will be assessed using a Kindergarten readiness assessment. Parents will schedule an appointment for the assessment by school personnel when they enroll their child. A certified teacher will administer this assessment at each child's school. The assessment will take about 15 minutes. Parents will not sit with their child during the assessment. Parents will not receive a performance report. The purpose of the assessment is to assist with classroom placement.
