Kindergarten Registration

When is Kindergarten Registration?

Online Kindergarten Registration begins on **January 24th** at www.ftcsc.org. Click on the blue “Enroll Now” button, go to “Registration Year,” and select the drop-down “25-26”.

How do I find out which elementary school my child will attend?

You can find out which school your child will attend by entering your address into the [FTCSC Transportation Site](#).

Why is it important for me to register my child now?

Registered students will be scheduled to take a Kindergarten readiness assessment before the start of the 2025-2026 school year. In addition, by knowing how many Kindergarten students to expect, we can staff accordingly, and principals can begin putting class lists together for the coming school year. Students who are not registered are not included on those initial class lists.

What kind of assessment will my child take?

Each child is assessed using a Kindergarten readiness assessment. On enrollment, parents will schedule an appointment for the assessment with school personnel. The around 15-minute assessment is administered by a certified teacher at your child’s school. Parents will not sit with their child during the assessment. Parents will not receive a performance report. The assessment will assist with classroom Placement.

How old does my student need to be to enroll in Kindergarten?

The Indiana General Assembly amended I.C. 20-43-4-5, establishes a statewide entrance eligibility date for public school Kindergarten and stipulates a student residing in Indiana be at least five (5) years of age on or before October 1st to enroll in public school Kindergarten.

Are there any exceptions for a child who is not five by October 1?

There is no appeal process for a student less than 5 years of age on or before Oct. 1st. HEA 1001 (2019).

When will I be notified of my child's Kindergarten placement for the 2025-2026 school year?

Your child's school will notify you of your child's placement the week before school starts.
