SECTION II
**JUSTIFICATION FOR ADDITIONAL BUS PURCHASES, TRANSPORTATION SERVICES,
AND/OR EARLY BUS REPLACEMENT**

1. Pursuant to IC 20-40-18-9(2)(A), if the School Corporation is seeking to acquire or contract for transportation services that will provide for additional school buses or buses with a larger seating capacity as compared to the number and type of school buses from the prior school year, explain for each additional bus and the circumstances of the demand for increased transportation services within the School Corporation.

Due to extreme rapid growth in the community additional buses are needed to facilitate student transportation. Student enrollment has increased another 200+ for 20/21 school year and is expected to continue to increase. In accordance with our 2020 Transportation appeal we are adding an additional two new buses for 2021.

2. Pursuant to IC 20-40-18-9(4), if the School Corporation is seeking to replace an existing school bus earlier than twelve (12) years after the existing school bus was originally acquired or requires a contractor to replace a school bus, explain for each bus the circumstances for that need.
