**Follow this Guide to setup an
Observer account in Canvas**

canvas

nadine.gilkison@ftcsc.org

Sit with your child and have them login to their Canvas account on their device.

1. Your child needs to tap first on where it says “Account”.
2. Then, they need to tap on “Settings”.

3. Tap on “Pair with Observer”.

The image shows a screenshot of the Canvas LMS interface. On the left is a navigation sidebar with icons for Account, Dashboard, Courses, Calendar, Inbox, and Help. The main content area is titled 'Peter Parker's settings'. A modal dialog box titled 'Pair with Observer' is open, displaying the text: 'Share the following pairing code with an observer to allow them to connect with you. 1 or after one use.' Below this text is a text input field containing the alphanumeric code '23da37'. A red arrow points to the code, and a black circle with the number '4' is positioned next to it. An 'OK' button is visible at the bottom right of the dialog. In the background, a list of 'Other Contacts' is partially visible, including 'David Anspaugh's Sandbox' with email addresses 'danspaugh+tb@instructure.com' and 'peter'.

Once you have this code, **NOW** you can create a parent account in Canvas.

4. This will generate a “**pair with observer code**”. The code will last for 7 days or **after one use**.

Create an account

DO NOT! I repeat...
DO NOT create an account
through the Canvas Parent App.

Tap image to have it take you directly to the
canvas website.

OR go to

Items to Note:

Use the down arrow to toggle between children if you have several in Canvas.

ALWAYS go to Infinite Campus to check grades, NOT CANVAS.

Canvas will not have all assignments and assessments in it, only some.

Communicate with teachers via email, not CANVAS.
